Many times, we hear speeches or read newspaper articles and are left feeling a bit depressed but sometimes we come across articles that fill us with hope. Chris Pratt is an America actor who starred in 'Avengers' and the latest 'Jurassic Park' movie. He is a person of influence with the youth of today. At a recent award he gave a speech called "Nine Rules from Chris Pratt, Generation Award Winner". It was suggested I share this with you, so here are extracts from the speech. Whether you have a Christian faith or not, hopefully you will agree it is a good speech.

- "Breathe. If you don't, you will suffocate.
- You have a soul. Be careful with it.
- Don't be - and I paraphrase here – an idiot. If you are strong, be a protector. If you are smart, be a humble influencer. Strength and intelligence can be weapons, so do not wield them against the weak. That makes you a bully. Be bigger than that.
- When giving a dog medicine, put the medicine in a little piece of hamburger and they won't even know they're eating medicine.
- It doesn't matter what it is. Earn it. A good deed. Reach out to someone in pain. Be of service. It feels good and it's good for your soul.
- God is real. God loves you, God wants the best for you. Believe that. I do.
- Learn to pray. It's easy, and it is so good for your soul.
- Nobody is perfect. People will tell you that you are perfect just the way that you are, you are not! You are imperfect. You always will be, but there is a powerful force that designed you that way, and if you are willing to accept that, you will have grace.
- And grace is a gift. Like the freedom that we enjoy in this country, that grace was paid for with somebody else's blood. Do not forget that. Don't take that for granted."

Now that is a speech!!

Rev. Chris

THANK YOU

We are very grateful for donations received towards the production of Roundabout. Some of these are from groups in our villages but some are from anonymous donors, including a recent one from a villager who was glad to find that she could use one of our advertisers in an emergency. She was very pleased with the practical help and quick response to her telephone call.

BITS FROM THE BELFRY

The bells of St Mary the Virgin, Croscombe, were rung half-muffled on Saturday 21st July in remembrance of two Croscombe men, both believed to have been bell ringers, who died on active service in World War One.

Corporal Barnard Henry George Treasure died on 19/07/1918 age 35. He was wounded several times by a shell explosion and taken to the 3rd Australian Casualty Clearing Station at Esquelbecq, where he died of those wounds. He is commemorated at Esquelbecq Military Cemetery, France. Son of Henry and Annie Hill Treasure, and husband of Hephzibah (née Virtue), whom he married in 1905. Hephzibah died on 11/02/1913 and is buried at Croscombe. Father of Gwendoline Treasure (born 07/12/1906). At the time of the 1911 census, he was working as a journeyman baker for George Virtue, his father-in-law.

Private Walter Henry Collins died 22/07/1918, age 34. The circumstances of his death were particularly tragic: he was standing outside his platoon dugout when a comrade's rifle went off accidentally and he was shot through the heart. He is commemorated at Philosophe British Cemetery, Mazingarbe, France.

Born 20/10/1883 and baptised 25/11/1883 at Croscombe, son of Edward and Elizabeth Collins. Husband of Alice Mabel (née Foxwell), of Thrupe Lane, and father of Mabel and Thomas. Before enlisting he was working as a quarryman at Dulcote quarries.

These local family names will be familiar to long-term Croscombe residents.

I am indebted to Alan Regin MBE for this information.

After twelve years, Moviola made its final appearance on 28th June 2018. We have been involved since the start (initially with John Vosper) and have enjoyed the films and greeting our audience every month. Many of them were regulars and we appreciate their support given to this venture. We would like to thank them and the volunteers who have helped setting up the Hall, manning the bar and taking the money – many throughout the entire twelve years.

Cinema in the village will continue, but under the auspices of the Village Hall Committee. We hope they will be successful.

CROSCOMBE CEVA PRIMARY SCHOOL CROSCOMBE CEVA PRIMARY SCHOOL

The weeks in July are always very busy and the hot weather meant that not only no outdoor events were cancelled this year but also that some of the events planned for sports day had to be modified or to take place on another morning when it was a little cooler. At the beginning of July Conkers' Class represented our school at the Mini-Olympics held at Millfield on a sweltering day. In contrast, the shade in the Forest School was very welcome on our visits this month.

Year 6 have been learning basic skills and awareness in a series of sessions of First Aid Training. This included CPR training, learning the recovery position and putting on a sling. The children appreciated knowing ways that they could help people. They also enjoyed the Pilgrim Day at Wells Cathedral when they joined other Year 6 pupils from across Somerset. It was a good chance to learn about and appreciate the beautiful building, to share in the worship and to play games and make pots decorated with shells (the symbol of pilgrims).

Chestnuts' Class enjoyed an interesting and peaceful day at Glastonbury Abbey. They learned about the history of the Abbey and its stories; life as a novice monk was well illustrated particularly in the Abbot's kitchen and when practising the art of calligraphy using feather quills. Being in costume helped the children to enter fully into life at the Abbey.

There were more wonderful costumes, in the shape of animal headaddresses, to be seen in our summer production of 'The Wind in the Willows'. Everyone had worked very hard to produce effects, to learn words and to act and sing with enthusiasm and talent. Well done, everyone!

In all this busyness, Acorn Class still found time to visit Folly Farm. Exploring the woods on a mini-beast hunt, learning about their habitats and pond dipping made for a wonderful day out and no-one fell in the pond! The coolness of the water spray brought the day to a wonderful conclusion.

We are all ready for the Summer Holidays and, as we say goodbye to some of our pupils, we send them our best wishes for the next stage in their lives and education.

CROSCOMBE SENIOR CITIZENS' CLUB

On one of the loveliest June days on record we met for another superb salad lunch, followed by strawberries and cream. The tables always look so very pretty, while 'The Beast from the East' seemed to have brought out the scent of the flowers ever more strongly.

For entertainment we had one of John Taylor's photographic quizzes, twenty cleverly confusing close-ups of everyday objects, somehow making the top of a margarine tub look like an avocado, and a set of forks like the inner workings of a piano.

For tea we enjoyed a lovely cake brought by Marcelline to mark her recent birthday. Many thanks to her, and to the Committee who put all the work into making our lunch so enjoyable.

Barbara Lippett

PILTON HAPPY CIRCLE

The tide was in to welcome us and the beach looked at its best when the coach dropped us on the front at Weston-super-Mare. There was plenty of time for a walk along the pier, lunch and an opportunity to hit the shops before heading back to the front. Some members admired the sand sculptures, all based on a circus theme. Apparently, they are tough enough to damage a car should anyone crash into them. There was also the opportunity to judge those sculptures which were entered into a competition.

On 4th July Pat Hase entertained us with some stories of local people that she had discovered when researching her husband's family history. Many generations had lived in Somerset and by using local records and old press reports she found many amusing and tragic stories. One ancestor who came from North Wootton drowned in the moat at Wells when walking home during a storm. Another from Dulcote was dismissed from the Cathedral choir for throwing stones at the swans. A distant ancestor, Christian Taylor, was buried in Pilton Churchyard in May 1623.

Freda Boyce and Pauline Hobbs

PILTON VILLAGE WI

As part of the business meeting, Carole Smith, Denman Ambassador had been invited to speak so that members understood what Denman was about and what the financial situation was now. Carole explained that the actual business side of the college was financially sound but that money would always be needed to keep the Grade II Listed Georgian Building in good repair. £650,000 had been raised so far and a new project, "Love Denman", was launched at the conference in Cardiff. Carole was an enthusiastic ambassador for Denman and encouraged members to think about going on the Federation Visit 25th -27th March 2019. Watch County News for Details.

Our speakers were Andy and Neil from Somerset Road Safety. Their role is to help drivers to drive safer for longer. We had a test on road signs, which I think we passed with flying colours, mostly! They emphasised the 'only a fool breaks the 2 second rule' to do with safe distance when driving. They use the acronym COAST – Concentration, Observation, Attention/Awareness, Space and Time. Somerset County Council run a one-hour refresher course, non-judgemental, for £25.00. They ended their talk by giving out goodie bags.

CROSCOMBE WI

Our June afternoon meeting, though very warm, started with a musical time.

We had Adelaide Brown playing a flute and accompanied by her friend on the keyboard. We had a 25 question quiz, with each tune related to trees, herbs and flowers. The music was beautifully played and the many well known tunes were relaxing. Three members actually recognised every tune between them, well done.

We have enjoyed these two ladies once before, but you can't have too much of a good thing!

As usual, after business, we finished our afternoon with refreshing tea and biscuits. Every one agreed, a super afternoon, and we all went home humming one tune or another.

How Safe Is Your Water Supply?

Having a private water supply can be a real boon. Cheaper than mains water, with control over chemical additives and often with better pressure, a private supply is also not subject to imposed drought restrictions. Many farms, businesses and homes rely on a private supply either through preference or practicality. Indeed, the South West has around one third of all the private supplies in England. Cool, fresh and delicious - spring water on tap can be one of the perks of rural living.

The quality of private water supplies, however, can be extremely variable. It's vital to ensure the safety of your supply for yourself, your guests, livestock or customers. In fact, it's a legal requirement if you run a commercial activity where you supply water to your customers, such as a campsite, B&B or rental property. Owners can help safeguard their supplies by protecting from contamination by livestock and other hazards, installing treatment apparatus, and making sure the water is stored and distributed safely before use.

Private water supplies often pose a health risk because they are not managed or tested in the same way as public supplies. Common problems include bacteria and heavy metals (such as iron, manganese, aluminium, lead and arsenic) as well as nitrates, nitrites, ammonia and other minerals. Sometimes the contamination may affect the appearance, taste or smell of the water but it is often not obvious. The best way to be sure your supply is fit for use is to have regular testing carried out.

Professional testing should include metals such as iron, zinc, lead, nickel and copper that may result from deteriorating pipework or other sources. It should also report on chemical levels from disinfection products. The key benefit of engaging a reputable professional laboratory is that they can provide microbiological testing which will identify health hazards such as E.coli. Not all labs offer this service, so always check what is included when choosing a company. It is highly recommended that a laboratory accredited by the United Kingdom Accreditation Service (UKAS) is used rather than internet testing kits which are very unreliable and often give misleading results.

Somerset Scientific Services, part of Somerset County Council, have been supplying impartial advice and testing for over 50 years. Contact them for information or a quote for a comprehensive UKAS accredited testing package.

SAFEGUARDING

Over recent months there has been a considerable amount of media coverage about the Church and its role in Safeguarding Children and Vulnerable Adults.

This is something of concern to everyone who takes that responsibility seriously, whether in churches, educational institutions or voluntary organisations.

In our parish churches we follow the legislation of the Church of England. The Diocesan Safeguarding Department gives further guidance and support, and arranges training sessions for the various levels of training required.

In each church you will find Safeguarding Notices which include the Parish Safeguarding Policy, lists of training required for a variety of roles, dates of current training programmes, contact details of the current Parish Safeguarding Officer and Assistants, as well as other links to such organisations as Childline.

Susan Green, Parish Safeguarding Officer.
